**My Signature Series Techniques**

Classes are offered as either a three or six hour class as indicated:
• Three Hour Class – With some basic preparation and rotary cutting in advance as outlined in the supply list, students will learn the technique and be able to construct at least one or two blocks in class and leave with the confidence and expertise necessary to complete the quilt at home.

• Six Hour Class – With some preparation as outlined in the supply list before class, students will learn the technique and have ample time to construct blocks and piece a major portion or possibly the entire quilt top during the workshop.

Choose a class or workshop featuring my signature methods of fast, accurate rotary cutting and speed piecing or appliqué techniques! I’m one of those rare instructors who never, ever requires any student to purchase my rulers to attend class. Students are free to borrow a ruler for use in class from me!

Jelly Rolls & Precuts = A Recipe for Design Success!
Lone Starburst
6 hour class / Intermediate level

Kimberly’s most popular class; this one sells out wherever she teaches it! All it takes are 40 – 2½” strips (from a purchased precut bundle or strips cut from your own stash) plus one background fabric and the diamond design possibilities are practically endless! I’ll teach you how to strip-piece and cut diamond building blocks from strips using the EZ Jelly Roll Ruler using no “Y” or set-in seams, and from there you’ll design your very own, completely unique Lonestar variation quilt. Although the first part of the class focuses on fast and efficient cutting and piecing diamond units, the latter part of the class will focus on design elements and the almost limitless possibilities for designing your own quilt layout using diamonds. The real magic comes from the fact that the quilt is assembled using straight-set blocks – not diamond wedges or blocks on point. This is an eye-opening class for anyone who wants to create a completely one-of-a-kind quilt with a Lonestar twist!

Lonestar Strip Magic

3 or 6 hour class / Skilled beginner or intermediate level
Most people don’t think of Jelly Roll strips and Lonestar blocks as being compatible but the truth is, they were practically made to go together! Using the *EZ Jelly Roll Ruler* and 2½” strips (either from a pre-cut bundle or your own stash) Kimberly will teach you to quickly and expertly strip-piece and cut diamonds and assemble a traditional-looking Lonestar block. The magic with her method is there are no “Y” or set-in seams! Sound impossible? Not with her signature technique and precision-pieced method! Simply choose your strips plus 1 background fabric and you’ll be finished with a stunning block in no time at all. Perfect for any planned color palette, scrappy fabrics, or even a version from a bundle of rainbow fabrics! *(Please allow a 6 hour workshop for the rainbow version. Non-rainbow version can be pieced in 3 hour workshop.)*

**Variable Star and Flying Geese**

*6 hour class / Intermediate level*

![Variable Star and Flying Geese](image)

This is Kimberly’s newest class and sure to be one of her most popular! Learn to create this gorgeous variable star with a pretty pinwheel twist from simple 2½” strip units. Jelly Roll bundles are perfect for this project but it makes a great stash busting quilt as well; just add one fabric for the background. Best of all, Kimberly will teach you her signature secrets to construct the beautiful center star with her EZ Jelly Roll Ruler and how to make fast flying geese with perfect points using her EZ Flying Geese Ruler. Best of all, there are no “Y” or set-in seams making block construction a breeze! You’ll learn many top tips for ultra-accurate rotary cutting and precision piecing with ease throughout the class, and how to customize the star design to make it uniquely your own. You’ll not only learn a new technique, but you’ll also have a fabulous time in class with Kimberly as your very own personal quilting coach!

**Mystery Quilts**

*6 hour class / Skilled beginner or intermediate level*

Are you one of the many quilters who love to make mystery quilts? Or does the very thought of choosing colors and making a quilt for which you have no idea what the end result will be scare you? Fear not! Whether you are a seasoned veteran and you thoroughly enjoy the intrigue and suspense of *not* knowing the final outcome; or if you have never had the courage to tackle making a mystery quilt before, Kimberly’s ultra popular mystery quilt classes and patterns are
perfect for you! She has designed the entire process to be simple, fun, and stress-free so you can take as much risk as you like in making your fabric selections, or risk nothing at all. Step out of your “color comfort zone” and try something new. The rule of thumb is this: if your fabrics have good contrast, look great when lined up together, and match the values given in the fabric requirements table, then they will look beautiful when sewn together in these quilts. The success of your mystery quilt is certain. These classes are suitable for any quilter with some rotary cutting and machine piecing experience and guaranteed to be fabulous and fun!

**Flying Geese Crossing**

**6 hour class / Intermediate level**

Thanks to Kimberly’s clever design, this gorgeous quilt is comprised of straight set blocks that give the illusion of diagonally set rows of flying geese; only you’ll know how easy it was to construct! Flying Geese Crossing is the perfect pattern to feature one of those luscious precut strip bundles or your favorite fabrics from your stash. The best part about Kimberly’s signature construction method using her *EZ Flying Geese Ruler* is that there is no math, no wasted fabric, and no stress to make these flying geese! Come prepared to spend the day creating a glorious quilt that is easily customizable to fit any wall or any size bed. You’ll finish the class as a pro at making flying geese from simple strips, plus you’ll have a great time making new friends and spending the day learning so many tips and tricks from Kimberly!

**Perfect Pinless Pinwheels**

**3 or 6 hour class / Skilled beginner level or higher**
Perfect Pinless Pinwheels

Fresh as a breeze, this quilt is an absolute delight to make! Kimberly will teach you everything you’ve ever wanted to know about triangles and why bias matters. You’ll learn to expertly cut half-square and quarter-square triangles easily and accurately from simple fabric strips. No more cutting awkward size squares and then cutting them diagonally. Impossible? Not with Kimberly’s amazing *EZ Flying Geese Ruler*! You’ll be able to piece the blocks without worrying about bias edges or trimming units, and best of all, NO PINS! *(Really!)* This quilt features double pinwheels with a twist plus a stunning flying geese border assembled from those same strips used for the blocks. Lots of fun and chock-full of hints and clever tips, come join the fun and create a pretty quilt of fancifully colored pinwheels and flying geese!

**Cut the Cake**

3 or 6 hour class / Skilled beginner level or higher

Looking for a low-intensity class that is perfect for a guild retreat or evening workshop? This slash-n-shuffle style class is it! You’ll be able to assemble lots of blocks in a short time for maximum productivity! This fantastic quilt packs a visual punch yet is fast, funky, and just plain fun to make. No matter how you stack your fabric layers, once you begin shuffling the pieces, every block will turn out just a bit differently and the end result is guaranteed to be a delightful
surprise. Pick any Layer Cake bundle (or 36 of your own 10” fabric squares) plus one dramatic contrasting fabric to make this original quilt. There’s no math and no wasted fabric – just no-calorie, fat-free fun. That’s what Kimberly calls having your cake and eating it too!

Chain Saw

3 or 6 hour class / Intermediate level

One of Kimberly’s biggest crowd-pleasers; this quilt always gets so many “ooh and aahs.” This stunning quilt looks incredibly complex, but is really so easy and so much fun to piece. It requires just one Layer Cake and one Jelly Roll OR 36 fat quarters plus a background fabric. If you enjoy fun surprises when you rotary cut, you’ll love this design. No matter what fabrics you begin with, the finished blocks will look oh-so-different than what you would expect. Kimberly will share dozens of helpful hints and tricks with you to make these blocks of many seams stitch together with absolute ease. The finished quilt will certainly dazzle your family and friends and the fabrics will dance delightfully with motion and excitement!

Bermuda Triangles

6 hour class / Intermediate level
This quilt may look challenging, but piecing the units is completely stress-free with Kimberly’s EZ Flying Geese Ruler. With proper planning and clever fabric placement, you will be able to assemble this quilted beauty with ease. Kimberly will expertly guide you through each step to assemble the blocks so even though they are set together in horizontal rows, the fabric placement disguises where one block ends and another begins. She’ll spend time in class discussing the wide range of design opportunities and creative use of color, value, and scale of prints. While not difficult to piece, this class is best suited for intermediate or higher level quilters. Kimberly will provide lots of hands-on, personal attention to help you explore the possibilities “outside the box.” Join the fun and watch your triangles transform into a stunning quilt!

**Spinning Stars**

*6 hour class / Intermediate level*
Spinning Stars

In this high-energy class, I’ll share my precision cutting and piecing methods while keeping you entertained with my own style of humor and sunny disposition. My signature technique features NO MATH, NO WASTED FABRIC, and NO STRESS using my amazing Easy Star and Geese Ruler. You’ll love this magic method for piecing perfect flying geese, half-square triangle units and highly versatile eight-pointed stars while constructing a gorgeous quilt top. But this is only where the fun begins! I’ll show you how to expertly piece pinwheels with perfect points without the use of pins. (Really!) The creative energy and ingenuity will flow like fresh island breezes and you’ll create a fabulous quilt which looks complex; only you will know how easy-peasy it was to put together with straight-set blocks.

Skill Building Sampler Quilt

2 or 3 day workshop / Skilled beginner or higher
Pre-cut fabric packs are the *hottest* trend in quiltmaking today and quilters everywhere just can’t resist these delectable textile treats! And their versatility is absolutely perfect for this fast-paced, fun-filled, workshop to turn all those enticing 2½” strips, 10” squares and charm packs into a fabulous quilt. Let Kimberly introduce you to the exciting and wonderful world she calls **Modular Quilting**, which is *a system of simple, pieced units used to create new blocks, settings or complex-looking designs*. Using squares, rectangles, triangles, diamonds and a myriad of basic ‘building block’ units, Kimberly will show you how to efficiently piece a wide range of blocks in various sizes. She’ll teach you dozens of tips and tricks for using her EZ Flying Geese and EZ Jelly Roll Rulers along with traditional methods to their best advantage with *no math, no wasted fabric*, and best of all, *no stress*! Featuring fabulous techniques from her book, **Precut Bonanza**, Kimberly will share every trick in the book for precision piecing and lovely machine appliqué to create beautiful blocks and help you unlock your inner design diva. You’ll love her ever-encouraging, upbeat, energetic (and humorous) teaching style, so plan to join her for a fun-filled retreat-style class and create a stunning, unique sampler quilt and graduate feeling like a precuts-pro!

**Lectures**

**Jelly Rolls & Precuts = A Recipe for Design Success!**

You’ve heard about them. You’ve seen them. You probably have even bought them. But what can you actually do with them? Well, let Kimberly introduce you to the delectable world of calorie-free fabric delights! These pre-cut bundles are pint-sized powerhouses of scrappy design opportunity just waiting for you to create fabulous quilts and more! Kimberly will share tons of photos, quilts, and more inspiration than you can imagine to tantalize your “inner design chef” and excite you to create something glorious using these amazing fabric bundles. From basic beauties to the most exquisite award-winning quilts, Kimberly’s PowerPoint presentation is jam-packed with ideas and inspiration. Even if you don’t plan to use these pre-packaged fabric lines, you’ll find plenty of creative ways for stash busting from your own fabrics, and ways to use up
those pesky leftover strips and squares. You’ll be scrap happy and itchin’ to stitch by the end of her presentation!
